

Sync For Lazy Crack Download (Latest)

Sync For Lazy Download [Latest]

Drop photos into the "Sync for Lazy Free Download" folder on your PC and they will immediately, wirelessly and automatically be copied to your iPhone. Imagine you have just returned from vacation with a bunch of photos. You want to take them with you on your iPhone to show to friends, but you are just too lazy to connect to your computer by wire, press countless buttons, and make tons of selections. Sync for Lazy to the rescue - just copy the photos to the "Sync for Lazy" folder on your PC and open the "PhotoSync for Lazy" app on your iPhone for photos to load. Once you are with friends, just run the app to view your photos, arranged exactly in the same folders as on your PC. HOW IS IT DIFFERENT? We try hard to embrace your laziness. Your only job is to copy photos to the "Sync for Lazy" folder on your PC - the rest is automatic. If you count the steps to sync the files using other programs, you will see that there are just too many. Some force you to waste your time entering lengthy numbers like 192.168.xxx.xxx in your browser, others need you to mark every single photo you want to keep as "favorite". There are some that even require a wired connection - oh, the horror! PhotoSync for Lazy is the simplest and the fastest way to sync and view your photos on your iPhone. Drop photos into the "Sync for Lazy" folder on your PC and they will immediately, wirelessly and automatically be copied to your iPhone. Imagine you have just returned from vacation with a bunch of photos. You want to take them with you on your iPhone to show to friends, but you are just too lazy to connect to your computer by wire, press countless buttons, and make tons of selections. KEY MACRO: Customizable date and time formats (any date, any time, ISO format: YYYY-MM-DD, hh:mm:ss, or just DD-MM-YYYY). Keep or delete multiple photos as an album (one album per folder). Sync automatically or on demand. Download to and view your photos on the go (on your iPhone, iPod touch or iPad). See exactly which photos your PC synced (uploaded) or viewed. Synchronize using Wi-Fi or USB. Compatibility: Windows XP or later, Mac OS X 10.3 or later. 2. Share and print your photos from your PC with PhotoSync for Lazy. PhotoSync for Lazy allows you to easily share your photos to other applications, to social networks and to print them. Simply mark the photos on your PC to be shared or printed, open the "PhotoSync for Lazy" app on your iPhone and the photos are instantly available on your iPhone. Auto share to: Facebook Instagram Google+ Flickr Pinterest Twitter Tumblr LinkedIn Email 4. Folders are the same on your PC and on your iPhone. You do not need to bother with complicated iTunes folder structures, just copy your photos to the special

"Sync for Lazy" folder on your PC and open the "PhotoSync for Lazy" app on your iPhone. After you do so, the photos will be automatically loaded and arranged just the same on your iPhone, in the same folders as on your PC. Make sure to enable "Show Hidden Files" on the PC to see the hidden folders, it is a good idea to use "View -> Advanced -> Show hidden files". NOTE! If you use a Mac, see "The Mac Versions" for instructions. Additional Information: Special Folder for the "Sync for Lazy" application: When you copy your photos to the "Sync for Lazy" folder, they are copied there with a name like "photo_2019-03-23_20-33-56_JPEG" or "photo_2019-03-23_20-33-2edc1e01e8"

Sync For Lazy Crack + License Keygen

PhotoSync for Lazy for iPhone - Sync photos from PC to iPhone, automatically and wirelessly. Easily copy your photos from your PC to a special "Sync for Lazy" folder on your iPhone. Get rid of unwanted shortcuts! The problem with many shortcuts on PC is that they are hard to find and you can't find them all at the same time. That's why we created "Uninstall Shortcuts", an application that allows you to delete all unwanted shortcuts in one click. Remove empty folders from your iPhone. You can't uninstall or delete a folder from your iPhone. If you have a lot of images and videos on your iPhone, you can get the folders full and they will just refuse to work. We have just come up with a brilliant way to get rid of empty folders: they are just folders which have never been used. So we call them "empty folders". To use the app, launch it and choose the first option: "Empty folders". Synchronize your Google Talk Messages. After upgrading to iOS 7, Google Talk no longer displays the messages you receive on your iPhone. Even though you are still using the Google Talk app, the messages you receive from others are not displayed. With Google TalkSync you can now automatically synchronize your Google Talk messages, so that you can view them on your iPhone. This app is not the same as the one used by Google. This is a 3rd party app. Shutterbug HD camera for iPhone 5. Shutterbug HD camera is the must-have photography app for all iPhone 5 owners. It adds an extra layer of easy-to-use controls to your camera - help you take more beautiful pictures, faster! With the brand-new shutterbug HD camera app for iPhone 5, your camera is not limited by just 'Tap and hold' mode anymore! Instead, you can slide your finger or by use of a 'Touch to Focus' mode to adjust the exposure right on the screen. Fancy Connector for iPhone. Fancy Connector is a must-have iPhone app that turns your iPhone into a nice looking speaker.
